24 May 2017

To: President of the Stock Exchange of Thailand

Subject: Notification on the progress of the TOT's partner selection process for the provision of wireless service on 2300 MHz network

Reference is made to the disclosure to SET, dated 27 March 2017, where Total Access Communication Public Company Limited ("the Company") informed that the Company's subsidiaries (i.e. dtac TriNet Company Limited and TeleAssets Company Limited or "Group Company") had submitted a proposal to TOT Public Company Limited (TOT) as part of TOT's business partner selection for the provision of wireless service on 2300 MHz spectrum network ("Proposal").

We would like to inform that, on 24 May 2017, dtac received a letter from TOT informing that TOT's board had approved TOT to enter into a contracting process for the provision of wireless service on 2300 MHz network with Group Company. As part of the Proposal, Group Company had proposed that TeleAssets Company Limited will lease network equipment and provide O&M services on network equipment to TOT and dtac TriNet Company Limited will purchase 60% of the total network capacity. According to the proposal, dtac will build a network based on this spectrum and have the right to utilize up to 60% of the capacity in this network. Also as part of the Proposal, dtac TriNet Company Limited has offered TOT an annual fixed payment of THB 4,510 million, under certain conditions.

Group Company will thus enter into such contract negotiation with TOT and expects to reach a conclusion and enter into a final agreement in the fourth quarter of 2017.

Please be informed accordingly.

Sincerely yours,

(Mr. Chavit Sangudomlert)
Head of Investor Relations
Total Access Communication Public Company Limited
